

CITY OF WASHINGTON
NORTH CAROLINA AND
BEAUFORT COUNTY WATER DEPARTMENT – NORTHSIDE (BCWD-NS)

News Release or News Brief
April 4, 2017

FREE CHLORINE

As part of the State required regular maintenance of the distribution system, the City of Washington will be feeding free chlorine into the City's and County's water systems from Monday, April 10, 2017 until Monday, May 22, 2017. Some customers might notice a slight increase of chlorine taste and odor. City of Washington customers should call 975-9310 or 927-9374 with questions. Beaufort County customers should call 975-0720 with questions.

FIRE HYDRANT TESTING

City of Washington - Week of May 22, 2017

Beaufort County – April 23rd - June 15, 2017 (crews will flush during day & night hours)

Testing will involve flushing water from fire hydrants. You may notice some cloudiness in your tap water during the testing period due to sediments floating in the water lines. The discoloration is harmless and will clear up after a short period. City of Washington customers should call 975-9310 or 927-9374 with questions. Beaufort County customers should call 975-0720 with questions.
